

# TFFL: Truck Fleet & Fuel Logistics

Email: [truckfleetandfuel@gmail.com](mailto:truckfleetandfuel@gmail.com)

"Saving Cost - Adding Control"

Optimizing your Diesel cost and Route planning with Daily detailed reporting.

TFFL is a Diesel brokerage Company with 164 Depots and growing across South Africa and Cross Border. TFFL provides their customers with a Detailed Diesel control system with all key information at your fingertips. The client transfers credit to TFFL for their planned diesel usage (intervals TBD). This allows TFFL to negotiate discounts with the depots. The TFFL System integrates with all major software programs (Pastel, Evolution etc.). TFFL saves you money, time and provides control.

*"Attention to detail with personal customer service will excel your business to the next level"*

Currently TFFL controls major transport companies' fleet across South Africa and Cross Border. The success of TFFL and the growth of our current customers are due to a personal service provided to our customers on a first name basis. We strive for our customers businesses to succeed and grow to their optimal potential while saving them time and cost. During these economical times we will assist with cost saving.

Email us to book a meeting or request information. [truckfleetandfuel@gmail.com](mailto:truckfleetandfuel@gmail.com)

1. On Route Diesel cost saving / L
2. Optimal route planning of trucks.
3. Daily: Account reports with statements.
4. Daily: Cost / Km / truck info.
5. No more bank fleet cards / Saving bank costs.
6. Integrate with all industry Software programs.
7. Minimize diesel theft.
8. Sub-contractors can be loaded on your system, which gives you full control over the diesel,

## **The TFFL Management Team consists of:**

1. Owner – Edward Londt (25 Years' experience in the Fuel industry)
2. CEO – Yolandie Malherbe (18 Years' experience in the Logistics industry)
3. Operational Manager – Arthur Johnson (12 years in the Petrochemical industry at Sasol specializing in Cost and qty control)
4. Sales Manager – De Wet Schlebusch (15 years in Development of new businesses and client relations)
5. IT specialist - Gerrit Lemstra (22 years' experience in the IT industry and programming.
6. Account & Order Controllers – 6 x dedicated accounts controller for day and night shifts

**Looking forward to presenting a Proposal with diesel cost and route plans for each potential client**

For TFFL to complete a proposal we would like the following information: Liters/month, Trucks count, Current pricing

**TFFL Application Form to be completed by all new customers with a Customer Service agreement. Documents will be emailed on request**

1. Request for a TFFL Proposal via email.
2. All info to be provided – diesel dump, liters/m, truck count, routes and current diesel cost per area/zone.
3. After Proposal, application form with service agreement to be completed.
